

Mithil Girish

+91 6382320674 | t.r.mithil@gmail.com | mithilgirish.dev | LinkedIn | GitHub

B.Tech CSE (Data Science) student at VIT Chennai with hands-on experience across fintech, agritech, and AI infrastructure.
Experienced in shipping end-to-end full-stack applications, data systems, and hackathon-winning products.

EDUCATION

Vellore Institute of Technology (VIT), Chennai 2023 – 2027
B.Tech Computer Science and Engineering (Data Science)

Vidya Mandir Senior Secondary School, Chennai 2009 – 2023
AISSE Class X · AISSCE Class XII

TECHNICAL SKILLS

Languages: Python, JavaScript, TypeScript, Java, Go, SQL, C/C++

Frameworks: FastAPI, React, Next.js, React Native, Django, Express

Dev Tools: Git/GitHub, Docker, AWS, PostgreSQL, MongoDB, MySQL, SQLite, OpenCV, Scikit-learn, YOLO-World, Apache Iceberg

PROFESSIONAL EXPERIENCE

Software Development Engineer (SDE) Intern – FinkAI May 2026 – Jul 2026
Chennai

- Contributed to an Elixir/Phoenix LiveView financial reporting platform powered by **Apache Iceberg**, **DuckDB**, and **SQLite**, including a Go Iceberg sidecar and a production backup architecture combining **Litestream** and **Restic**.
- Built a custom Elixir Pitr recovery tool for multi-tenant SQLite, and helped build and debug end-to-end **Playwright** test suites.

Project Intern – ANNAM.AI (National Winner) May 2025 – Jul 2025
Remote

- Built and shipped a production-ready **React Native app** with a FastAPI backend and ESP32 integration, serving as the primary interface for real-time agri-sensor data collection.
- Designed fault-tolerant ingestion pipelines for continuous IoT sensor streams, ensuring reliable data capture under intermittent network conditions.

Summer Research Intern – IGCAR Jun 2025 – Jul 2025
Indira Gandhi Centre for Atomic Research (IGCAR), Kalpakkam

- Implemented **KNN-based classification** to map environmental safety zones from radiological sensor data, producing accurate zone delineations for operational safety workflows.
- Built a **Next.js** dashboard for live radioactive dosage visualization, replacing manual reporting with real-time monitoring across distributed sensor nodes.

Software Development Engineer (SDE) Intern - FinaHQ May 2024 – Jul 2024
Chennai

- Engineered full-stack modules for a FinTech platform using **React.js**, **Node.js**, **Express.js**, and **PostgreSQL**, contributing to core transaction and user-facing features.
- Implemented **OAuth 2.0** authentication flows, securing multi-role user sessions and tightening access control across the platform.

FEATURED PROJECTS

AgriTech ML Ecosystem (AgroNome, Crop-Core, Agroflow) | GitHub [Patent Filed, National Winner] 2025
Python, Scikit-learn, IoT (ESP32), Next.js, FastAPI

- Patent Filed:** Built a novel ML pipeline (Crop-Core) analyzing climatic and soil arrays for precision crop yield prediction.
- 1st Place, 500+ teams:** Designed an integrated IoT + GenAI ecosystem delivering real-time multilingual farm diagnostics via ESP32.

STRAND – Construction Intelligence Platform | GitHub [ET AI Hackathon 2.0 Finalist] 2026
Python, LangGraph, Neo4j, ChromaDB, FastAPI, Next.js, React Native

- Built an agentic construction-intelligence platform for hyperscale data center EPC delivery, using a 5-core LangGraph agent network and a hybrid GraphRAG engine (Neo4j + ChromaDB + BM25) to turn unstructured PDF submittals into enforceable, queryable intelligence.
- Developed the **Next.js web dashboard** and **React Native mobile app**, including a custom natural-language-to-visual dashboard feature and end-to-end integration with the backend agent pipeline.
- Designed an AST-based Cypher query sanitizer for multi-tenant security and an offline-first mobile field app, cutting submittal compliance verification time by 98.3%.

Full project list at mithilgirish.dev/projects

LEADERSHIP & COMMUNITY

Vice President – Open Source Programming Club (OSPC) Apr 2025 – Nov 2025
VIT Chennai

- Co-organized VOID Hackathon and Spectrum25, building a custom PWA for event logistics and club engagement that served **5,000+** total attendees.

Development Lead – Microsoft Innovations Club (MIC) Apr 2025 – Apr 2026
VIT Chennai

- Built the MIC official website and OnlyFounders PWA, streamlining event registrations and management.

ACHIEVEMENTS

- 1st Place** – Annam.AI National Innovation Challenge (500+ teams)
- Finalist (Top 28 Teams)** – ET AI Hackathon 2.0 (60,000+ participants)
- Top 2% Finalist** – India AI Impact Buildathon (40,000+ participants)
- Winner** – DeFy'26 (2 bounty tracks)
